## 09-10 Butler Tech Online Course Planning Form

### Notes

- This form should only be used for use in planning course requests. All course requests must be completed by a counselor in your district.
- Enrolled courses must be clearly reflected on the student's schedule in your building.
- If these courses are in addition to a full load at your high school, payment is expected for these courses and the Course Purchase Form should be used instead.
- Complete the form in its entirety. Leaving any information blank is a chance for error!

**Course Selection:** Check the appropriate box next to the course(s) the student should be enrolled into. Be sure to pay attention to Foundation vs. College Prep.

Foundation Courses: Our foundation courses are written primarily for use as credit recovery and for at-risk students. These courses are more straightforward and less rigorous than the college prep courses. These courses align with the appropriate Ohio state standards.

College Prep Courses: Our college prep courses also align with the appropriate Ohio state standards, but, many times, exceed these standards and require more time, more effort, and higher level critical thinking skills than the foundation courses.

Other Courses on Pages 2 – 4: These are courses that Butler Tech Online has licensed from Aventa Learning. Some of these will be taught by a BTOL teacher, while others may be taught by an Aventa employed teacher. Some of these courses require additional texts or supplies that must be provided by the student. A list of these requirements is available upon request. Aventa courses are dependent upon teacher availability.

If there is no checkbox available and the selection cell is shaded, that course is not offered at that level. For example, there is not a college prep version of Pre-Algebra A or B, or a foundation version of Physics A or B.

In the course name, "A" refers to first semester content, "B" refers to second semester content. Any course may be taken at any time. For example, a second semester course (LA 9 B) can be taken during the first semester of the year and a first semester course could be completed during the second semester. If there is no A or B indicated, the course is only a 1 semester course. All courses listed are worth ½ credit.

**To Be Taken First or Second Semester:** Please check the box for the semester in which the student will complete the course.

**Class Period:** Enter the class period the student will take the course. Only one course may be enrolled per period. This must be a period during your normally scheduled school day to ensure funding. This cannot be period 0 or a period beyond your normal school day. Leave this column blank for students working from home.

**Expected Start and End Date:** A Personalized Education Plan (PEP) will be developed for course completion tracking purposes. This PEP is dependant on the start and end dates entered here. Please consider that a student on a normal pace, working 40 minutes per school day, should have 18 weeks to complete a semester course. If you do not enter dates here, we may make an incorrect assumption. To be sure your student is on the appropriate schedule, please enter a start and end date.
